Not illustrated. 1918 Excerpt: .of that inhibition, especially in relation to the algodonic tone of the emotions and the feelings. It has already become reasonably certain that freedom in itself is pleasant, and that restraint biologically speaking--that is, naturally, in naive individuals--is inherently disagreeable, whether from without or from within. I would emphasize the provisional clause in this part of my thesis, biologically speaking--that is, naturally, in the naive individual, for we shall suggest below that it loses this unpleasantness as the person becomes a psychologic personality. As the wise George Eliot says in Felix Holt, There is a sort of subjection which is the peculiar heritage of largeness and of love; and strength is often only another name for willing bondage to irremediable woes. We all know that freedom as such is pleasant, and a seven-foot shelf of books, or one even longer, might be readily written, given time,...
