But when Katie catches a glimpse of a model glacier in the classroom, she has a feeling something terrible is about to happen. Soon after the teacher rewards their excellent group work with a special state pen, the friends shockingly find themselves sucked through their computer screens and trapped inside a giant glacier-just like Katie's dream! As the group tries to find a way home, they embark on a journey through Michigan's varied history, learning firsthand how the state's lower peninsula was actually formed. This fun and educational children's story will delight both parents and kids as they learn that history is living all around us!.
