Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Fundamentals of High School Mathematics: A Textbook Designed to Follow Arithmetic The traditional course of study in high school mathematics needs to be completely reconstructed. Five years of intensive investigation have established striking inadequacies in the first-year course: both what we teach and how we teach it. First: more than half of the conventional first-year course will never be used by the vast majority of our pupils. Second: the claims which we make that we are training pupils to think intelligently will be difficult, if not impossible, to substantiate. The very content and organization of the course tends to inhibit this. Most of it provides little or no opportunity for training in problem-solving. Our courses of study emphasize habit-formation and rote memory, and these courses are almost exactly determined by the textbook. Finally: standardized tests given to more than 100 high schools show clearly that neither in securing formal skill nor in developing powers of analytical thinking is our instruction satisfactory. Striking needs: (1) courses of study based on a clear-cut program; (2) a real...

### Reviews

*This type of ebook is every little thing and made me looking ahead of time and more. It is among the most amazing book i actually have read through. Its been designed in an exceptionally simple way in fact it is simply soon after i finished reading through this pdf in which actually transformed me, change the way i believe.*

-- Dr. Ron Kovacek

*Unquestionably, this is the greatest job by any author. It really is simplistic but shocks inside the fifty percent in the book. I am just pleased to inform you that here is the greatest book i actually have go through within my own existence and could be he greatest ebook for at any time.*
