By illuminating the extent to which wars are fought internally as well as externally, this book expands the national discussion about war and the men and women who fight our nations battles. With close-up looks at servicemen and women preparing for, experiencing, and returning home from war, Sherman probes the psyche of today's soldiers examining how they learn to kill and to leave the killing behind. Bringing to light the moral quandaries soldiers face: torture, the thin line between fighters and civilians, and the anguish of killing even in a just war. Sherman bares the souls of our soldiers and the emotional landscape of soldiering.
